## **Intervention feedback form**

I am very grateful that you trusted me to intervene in your cyberbullying situation. I would now like to ask you a few questions to understand how things have evolved since your meeting with the school police officer. Don't forget that they remain available if the cyberbully repeats their actions.

### **1. How do you feel today?**

### **2. Since the intervention with the cyberbully, have you noticed any changes?**

### **3. How do you envision the upcoming weeks following the school police officer's intervention?**

---

---

---

---

---

4. If a similar situation occurred with a new cyberbully, what would you do?

---

---

---

---

---

5. What measures could you take to feel safe in cyberspace?

## A reminder of available resources

Here are organizations and an app I have already mentioned to you. If you face new difficulties, know that in addition to your school counselor and the school police officer, dedicated people are always ready to listen to your concerns and offer advice.
